## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 12-13 are allowed for the reasons stated in the Office Action of September 4, 2008.
2. Claims 10-11 and 14-22 are allowed.

The following is an examiner's statement of reasons for allowance:

The references fail to teach, disclose, or suggest, either alone or in combination, the actuating lever located inside the volume of the case and meshed, directly or indirectly, with the first mechanism, wherein the control lever and the actuating lever are connected to each other via a rotating connecting mechanism able to rotate about a general axis of symmetry, wherein the control lever and the actuating lever extend in two parallel and distinct planes and in combination with the rest of the limitations of the base claims.

Applicant's arguments filed July 22, 2010, have been fully considered and are deemed persuasive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
